Chemistry Letters Young Researcher Award

佐竹泰徳
(京都大学)

P-44

卑金属種を活性中心とする共役系高分子光触媒による
可視光 H_2 生成および CO_2 還元

*in recognition of an outstanding poster presentation
on August 6th, 2025, at The 36th Symposium on
Photochemistry and Photophysics
of Coordination Compounds*

Awarded: August 6th, 2025

*Presenter: Prof. Mitsuhiro Shionoya
Editor-in-Chief of Chemistry Letters*

A handwritten signature in black ink, reading 'M. Shionoya', is positioned below the text of the presenter's name. The signature is fluid and cursive, with the first letters of the first and last names being capitalized.
